Welcome Message from The Secretaries-General

Dear Delegates,

Welcome! The 2024 Model United Nations of Xiamen is slowly approaching! We, the Secretaries-General of the MUNOX 2024, are eager to announce that this year's conference will be held from November 23 to 25, 2024, at the Swiss Grand Hotel Xiamen.

It is most feverish to announce that this year marks the 15th anniversary of the Model United Nations of Xiamen! Back in 2009, the Manila Xiamen International School held the first ever MUNOX conference, and today, MUNOX is recognized as the longest-running conference in Fujian Province and throughout China because of our extensive history.

MUNOX provides delegates with opportunities for them to meet new people, express creativity, develop public-speaking skills, and create lifelong memories. Over the course of the three-day event, delegates will debate and address global issues, raising international awareness of the difficulties the world faces and the necessity for everyone to play a part in solving them.

This year's conference offers a diverse selection of committees, allowing delegates to exchange ideas and knowledge on impactful events that have emerged throughout the past several decades and in the years to come. Each committee ensures a unique experience for each delegate through the exploration of in-depth topic issues. Further detailed announcements will be posted on official accounts in the near future, so stay tuned for any updates.

With 14 years of accumulated experience and expertise, we are confident that this year's conference will undoubtedly provide yet another rich and insightful learning experience for our students. We hereby invite all enthusiastic learners to immerse themselves in the enormous world of Model United Nations of Xiamen 2024 and contribute to a better future.

Most excited to see you all in the upcoming MUNOX this November!

Sincerely Yours,

Kenny Li, Sam Lin, Rex Yu
Secretaries General of MUNOX 2024

Model United Nation of Xiamen 2024

Model United Nations

Model United Nations is an educational simulation of the United Nations. Students who participate at a MUN conference take on the role of delegates representing their assigned UN country. Together, delegates from all over the world engage and investigate current international issues and work towards a possible solution. MUN aims to transform participants into future world leaders, developing their critical thinking, communication, and research skills. Each delegate is assigned to a committee with a different debate topic and may exercise different rules of procedure. Well-trained Dais members are assigned to each committee, regulating the flow of debate to ensure quality discussions from all participants.

What is MUNOX?

The Model United Nations of Xiamen (MUNOX) was established in 2009 by the Manila Xiamen International School. Until the current year, MUNOX has been hosted annually in Xiamen, China. For the past 14 years, MUNOX has strived to nurture global awareness and develop students into critical thinkers. Being one of the longest-running conferences in China, this year's conference marks the 15th anniversary of MUNOX. In addition, MUNOX has been a platform for students to make new friends and learn for several years. MUNOX 2024 will continue to provide a space for passionate learners to debate global issues worldwide.

Why MUNOX?

MUNOX has continuously pursued excellence for the past 14 years in Xiamen. This year, MUNOX 2024 will be hosted at Swiss Grand Hotel Xiamen, an excellent hotel in Xiamen. All delegates participating in this conference will be awarded a participation certificate, which may serve as an additional credential for students' college portfolios. In addition, students have been given the opportunity to lead as Directors and Assistant Directors at the conference. As delegates, they will represent various nations, and develop their skills in negotiating, debating, writing, and presenting. Special awards will also be given to delegates that have performed excellence in their respective committees. MUNOX Awards include Best Position Paper Award, Best Potential Award, Honorable Mention Award, Outstanding Delegate Award, and the Best Delegate Award.
